PUMP AND WATER REPAIRS COST \$1,352.80

About a week before our Ladies Day, our well went out - the probes that signal the points to kick in the pump corroded over finally after 30 years. It was either pull them out (from 330 feet down in the earth) at a cost of over \$1000.00 or put in a new type box at \$345.00 - we chose the later. We also put a new water line to the chapel creating much needed water flow and pressure there and repaired a septic line which cost the camp almost \$1400.00. This was a much needed improvement though!

DICK BROWN HAS OPEN HEART SURGERY!

Dick Brown, long time dean here at C/A, had open heart surgery in April. Dick is the preacher at Williams Chapel. Because of his work with the camp, we began a campaign to help out with expenses and received the following letter and report from Dick just in time for this Chronicle.

"In times of sickness one still has his regular bills plus so many more. It is truly wonderful that so many have come to my aid during my heart surgery. My family and I have been greatly thankful for your many gifts. They have helped very much. I also want to thank Rick, Joanna and the whole C/A family for all they have done to make my needs known and the work of collecting the gifts. Such friendship is great!!!"

"Following C/A practice of listing every gift - here is a list of checks that they collected and those which came directly to me. The grand total as of April 27th stands at \$5,547.91. Thank you all very much. In Christian love, (Moby) Dick and Ruth Brown."
